The JO Wilson Elementary School PTA (JOPTA) conducts the Summer Camp Fair as a service to the community and as a fundraiser (camps pay a fee to participate). The JOPTA does not endorse any particular camp. The Camp Fair provides an opportunity to personally meet camp representatives, ask for references, and ask questions appropriate to your individual needs. We are always looking for ways to improve the Camp Fair. Please send suggestions to jowilsonpta@gmail.com.

Some things to consider when choosing a camp:	Other Resources:
<ul style="list-style-type: none"> • What type of camp? Same-sex or coed? Overnight or day camp? • Should you consider a specialty camp that offers a focused curriculum, such as basketball, or a special-needs camp designed for specific physical or medical disability? • How long is a session? A child may attend camp for a week or two – or an entire summer. • Is the staff trained in safety, supervision, counseling, problem solving, and other issues important to working with young children? • Is the price all-inclusive or do extra charges apply for transportation, food service, group pictures, t-shirts, special skills instruction such as horseback riding, and other items? • Are discounts or scholarships available? • For day camps, if before and after care is offered to accommodate working parents, who will be supervising children and what activities take place? • Is lunch and/or a snack served, or do campers bring their own? • If swimming is offered, are lessons included, or is swimming only recreational? Does one counselor stay with a group all day? Or are campers free to roam from one activity to another? How is adequate supervision assured? • Are parents allowed to drop by for visits at any time? <p>As an additional consideration, camps accredited by the American Camp Association (ACA) comply with nationally recognized health, safety, and program quality standards, including these requirements: emergency transportation; first aid facilities and training; aquatic programs supervised by staff who are certified lifeguards; health histories, including immunizations, for all campers and staff; emergency exits from second-floor sleeping quarters.</p>	<p>Washington Family Magazine www.washingtonfamily.com Washington FAMILY Magazine is a regional parenting publication distributed throughout the Washington, DC area, including Maryland and Northern Virginia.</p> <p>American Camp Association www.acacamps.org The American Camp Association is a not-for-profit educational body that accredits all types of camps throughout the United States.</p> <p>Frost’s Summer Camp Guide www.gocamps.com This website has articles for kids and parents and also has a discount summer camp page. Visitors can customize searches by region or camp specialty. Publishes an annual magazine listing summer camps.</p> <p>Camp Page Guide to Summer Camps www.camppage.com This website is a national resource guide for traditional summer camps in the United States and Canada with comprehensive camp lists and descriptions of camps by state.</p>

So we built a summer camp that puts kids in charge. Because unlike traditional schools, summer gives us the freedom to reinvent learning in a way that allows kids to make their own choices – and, of course, a few mistakes along the way.</p> <p>Driven by this belief, we’ve built our summer camp to put kids in the driver’s seat of <i>a world of possibilities</i>. So whether your child is a natural-born storyteller with a love for animation, or a budding chef, or a hacker-in-training, or a dance machine, they can dive into their passions in a world free from adult judgments and expectations.</p>

From learning the basic techniques of acting for the stage, to developing improvisation and physical comedy skills, to putting it all together in a public performance, it’s a summer your child will never forget.</p> <p>Taught by some of Washington’s best-known theatre professionals and educators, The Theatre Lab’s summer camps are a great way to discover the joys of drama, explore the creative self, and make wonderful new friends.</p> <p>Campers participate in a wide variety of theatre activities—including improvisation, scene study, storytelling, creative writing, group singing, and mime—all taught by caring artists and teachers dedicated to meeting each child at his or her level. Classes emphasize drama games and exercises designed to increase spontaneity, engage the imagination, promote self-confidence, and encourage ensemble spirit. At the end of each session, students share their work in a free performance open to the public.</p> <p>At The Theatre Lab, we also understand that kids can’t live by drama alone. That’s why each day also includes group games and sports, arts and crafts, and social time for relaxing and playing board games.</p>
