## **Breathing Space Kids Yoga**

Breathing Space summer camp provides children with a fun, creative, educational, and enriching experience through yoga movement classes, mindfulness activities, relaxation, games, crafts, field trips, and outdoor time. Each week-long camp is sure to create lasting memories, new friendships, and a foundation for health and well-being! Yoga and mindfulness can help children build self-regulatory skills, resilience, social awareness, and confidence, as well as gross-motor skills, strength, and fitness. Through yoga, children learn techniques for concentrating, reducing stress, and connecting to their bodies in a loving way while having fun.

Breathing Space Kids Yoga Camp takes the lessons we learn in our yoga and mindfulness practice and expands them to a full

week of activities. Of course, we do lots of yoga and yoga games, but that's not all:

- We'll do arts and crafts or themed activities every day.
- We visit neighborhood playgrounds and water features and have out-of-studio/church time every day.
- We typically do at least one theme-based outing to a special location like a museum or educational site for every weeklong camp. We travel by foot or bus/metro.
- Unless the weather is terrible, we'll hold lunch and free play outdoors daily.
- We will have some form of quiet relaxation time every day.
- We work a lot of free-play time into our camp between organized activities as well.

## **Headfirst Summer Camp**

At Headfirst, we create engaging, hands-on learning environments using the power of play to delight and inspire. Each week, we immerse our campers in a carefully crafted story, giving them a unique way to understand and experience different types of challenges, to work as a team to achieve a goal and to learn when they don't know they're being taught.

Through our story-centered programming, we aim to strengthen six core developmental skills in our campers — optimism,

resiliency, hope & goal-setting, emotional mastery, self-efficacy, and grit and determination. We call these our Super Six skills. According to research, these traits are the key social and emotional building blocks necessary for authentic happiness and success.

Many of these skills are practiced naturally in sports. It's our goal to infuse them into all of our programs, to help guide campers toward finding their own personal best.
